👤 PROFILE

As a Frontend Web Developer, I love making websites that grab people's attention. I'm really good with HTML, CSS, JavaScript, and React.js, which help me create cool and interactive sites. I focus on making websites easy to use and fun to explore. I'm super excited about using the latest tech to make awesome web projects.

🧠 SKILLS

HTML5

CSS

Tailwind css

JavaScript

React js

Next js

💼 PROFESSIONAL EXPERIENCE

HackTheSpace Tech Team:

Contributed to the development of an engaging website for the annual hackathon as a member of the HackTheSpace Tech Team. Collaborated with other team members and under the guidance of team leads, I contributed significantly to making the website better by working on different parts of it, making sure it looked great and worked smoothly for everyone using it.

College Programming Club (Tech Lead):

Serving as the Tech Lead for COPS (Club of Programmers SSTC), I coordinated the technical execution of our website. Ensuring it authentically represented our club's identity.

📁 PROJECTS

ECOMMERCE WEBSITE

- Constructed a fully responsive ecommerce website, ensuring optimal user experience across all devices.
- Made using html,css,javascript.

PERSONAL PORTFOLIO

- Developed a dynamic personal portfolio website to exhibit a collection of my projects, skills, and accomplishments
- Developed using React to highlight my skills, projects, and achievements.
